Smart - Gate

Smart Gate is a mobile-based intelligent security application to enhance the safety of gated communities.

Digital Gate Pass

If you are giving any item (cash/food items/clothes/etc.) to your domestic help you can issue digital Gate Pass through the app. This eliminates the need to sign on a piece of paper and get a validation call from the gate

Pre - Authorization

Guest will get an OTP in SMS that will be used at the gate to provide a seamless entry

Security Guards

Raise instant "Security Alert" for main gate guards:

Smart-face

The smart route to complete and foolproof security using facial recognition technology
